Yahusha

*We are looking to the Elohim of Israel, Yahuah is a consuming fire, and by His Ruach/Spirit He teaches us that there is a 13<sup>th</sup> month listed in the Scriptures. When you find the answer, this will also verify that a solar lunar calendar was in use by the patriarchs and in the days of the prophets.*

*YOU NEED TO UNDERSTAND SOME BACKGROUND FIRST, AND THEN WE WILL STUDY TO FIND THE ANSWER, IS THERE A 13<sup>TH</sup> MONTH IN SCRIPTURE?*

In Genesis 1:14 Yahuah two witness in the heavens the sun and moon is His solar lunar calendar, and today there is 29/30 days per month.

The moons orbit around the earth takes 29 days 12 hours and 44 minutes per month, or 29.5 days.

A solar lunar calendar has 354 days in a year, and approximately every 3 years a 13th month is created by the sun and moon, making a 384 day year. This keeps the moadim/Yahuahs appointed times aligned with seasons.

We will show that the 13<sup>th</sup> month is in Yahuahs Word, which will prove to those who have a teachable heart, that the pagan roman calendar or any 12 month 365 day Solar Only calendar is False.

The Roman calendar (or any solar-only calendar) has 365 day in a year, the Roman calendar is 11 days longer that a solar-lunar calendar that has 354 days in a year.

In the days of Noach/Noah the months all contained 30 days, how do we know? Let's go to the book of Genesis. The water began to flood the earth on the 2<sup>nd</sup> month the 17<sup>th</sup> day Gen. 7:11 it began to recede after 150 days in the 7<sup>th</sup> month 17<sup>th</sup> day Gen. 8:3-4 after 5 months. 150 days divided by 5 Months = 30 days each and every Month. Therefore in Noah's day all of the months had 30 days each.

Note: Yahuah moved the shadow backwards on the sundial 10 degrees, this changed the month from 30 days every month, to 29 & 30 day months in time of HizqiYahu/Hezekiah. From then until now we have 29 and 30 day months. Isaiah 38:1-9 / 2<sup>nd</sup> Kings 20:1-21 / 2<sup>nd</sup> Chronicles 32:24-33. Link to: "Hizqiyahu, the Sun Dial of Ahaz, & the 29/30 Day Month" [http://www.yhrim.com/Hizqiyahu the Sun Dial of Ahaz the 29-30 day month - Updated 12-5994.pdf](http://www.yhrim.com/Hizqiyahu%20the%20Sun%20Dial%20of%20Ahaz%20the%2029-30%20day%20month%20-%20Updated%2012-5994.pdf)

Now for our subject: Is there a 13<sup>th</sup> month that can be Proven from Scripture? **Yes** there is, we will find it in the inspired book of the prophet Ezekiel.

In the Scroll/Book of Ezekiel there were **multiple very specific** and **detailed dates given**. You will not find such detailed date as this in any other books; Yahuah had these written for at least **2 Direct Purpose** that we know of.

1. As a 2<sup>nd</sup> witness to confirm the change He made in the Calendar in the days of Hezekiah/Hizqiyahu.
2. This is also a Written Confirmation showing direct proof that there is a "13th Month" that it is recorded in the scriptures.

*We will list the specific verses, but you should read all of the first 8 chapters, in which this is recorded in the book of Ezekiel*

1. **Yechezkel/Ezekiel 1:1-2** states that Yahuah spoke to him in the **4<sup>th</sup> month** on the **5<sup>th</sup> day** of the month in the **fifth year** of King Je-hoi'a-chin's.
2. **Yechezkel/Ezekiel 3:16** "And it came to pass at the end of **seven days** that the word of Yahuah came to me, saying..." **This is when the time begins, by adding in the 7 days we have the 4<sup>th</sup> month and the 12<sup>th</sup> day** when the **430 days** were to begin in next verse.
4. **Yechezkel/Ezekiel 4:1-11** Yahuah instructs him to lay on his **right side 390 days**, then to lay on the **left side 40 days**. For a total of **430 days**
5. **Yechezkel/Ezekiel 8:1** Ezekiel has fulfilled his 430 days on his side, and is in his house as he sat before the elders on the **5<sup>th</sup> day of the 6<sup>th</sup> month of the 6<sup>th</sup> year**.

---

**Remember**, He began in Chapter 1:1-2 on the **5<sup>th</sup> day of the 4<sup>th</sup> month of the 5<sup>th</sup> year**.

So that is a **total period of 1 year 1 month and 23 days** from chapter 1:1-2 to chapter 8:1. During this Time, Ezekiel had to be able to Complete the **390 days** on his **right side** PLUS another **40 days** on his **left side**, for a total **430 days**, which Yahuah had Commanded him to do.

Again, lets count from the **12<sup>th</sup> day of the 4<sup>th</sup> month of the 5<sup>th</sup> yr.** to the **5<sup>th</sup> day of the 6<sup>th</sup> month of the 6<sup>th</sup> year** is **1 year 1 mo 23 days**.

We will count using the Roman calendar first, and then we will use the Lunar - Solar calendar (*the sun & moon are Yahuahs two witnesses in the heavens*)

Is it possible for Ezekiel to have fulfilled the **430 days** on a roman calendar, or any Solar-Only calendar, which all have **365 days in a year**?

Lets use the roman calendar for our 'Solar-Only' Calendar Example, which contains months of 30 and 31 days, and Only has **365 Days in a Year**:

april (4th month) 12th day of the 5th year - through - april (4th month) 12th day of the 6th year = **365 days - 1 Full Solar Year**

april 13th - april 30th (*counting the rest of that month*) = **18 days**

may (5th month) 1st - 31st = **31 days**

june (6th month) 1st - 5th = **5 days**

Add those total days up:  $365 + 18 + 31 + 5 =$  **419 Days**.

This is **11 Days short** of the **Bare Minimum 430 Days that is Required**. So this easily shows that **Any Solar-Only 365 Day Calendar Can NOT Work**.

Therefore, this **Proves Once Again from Yahuahs Word**, that the **roman calendar**, or any other '**Solar Only**' **365 Day calendar**, are **Fake Counterfeits**, as yet again this proves they **Do Not Work** and are **Impossible to Align** in Any Way **With Yahuahs Word**.

**However**, let's look at these **exact same verses** and **exact same time period**, but apply them to Yahuahs **Solar-Lunar Calendar**, with the **13th Month in effect for the '5th year'**:

4th Month 12th Day of the 5th year (*including the 13th month*) - through - 4th month 12th day of the 6th year = **384 days** ( $354 \text{ days} + 13\text{th month} = 384 \text{ day Year}$ ).

4th month 13th day - 29th Day of the 6th year (*counting the rest of that month*) = **17 Days**

5th month 1st - 30th Day = **30 Days**

6th month 1st - 5th day = **5 Days**

Again, we add these total Days up:  $384 + 17 + 30 + 5 =$  **436 Days**

Using Yahuahs Two Witness Solar-Lunar Calendar, which Yahuah established in **Beresheeth/Genesis 1:14** and **Many Other Verses**. Not only has the **minimum time** of **430 days**, but **at least 6-7 days** over the minimum Required time. If it was 6 or 7 days, would depend if the 13th month of the 5th year, and the 4th & 5th months of the 6th year, had 29/or 30 days in them.

We can see that **Ezekiel** could have fulfilled the **430 days** that **Yahuah** command him, and was seated before the elders in **Ezekiel 8:1** with **6 or 7 days extra**,

This Example that **Yahuah** wrote in **Ezekiel** not Only **Proves** once again that **Yahuahs** Calendar is spoken forth by Both of His Witnesses the Sun & Moon, and that the Solar-Lunar Calendar is the **Only Calendar** used in **Yahuahs** Word.

But this also shows that the '5th year' written in **Ezekiel** had a **13<sup>th</sup> month**. As any calendar that does not have a 13th month, Does Not contain Enough Days to fulfill what **Yahuah** Commanded **Ezekiel** to lay on his left side for **390 days** and then for **40 days** on his right side, for a total of **430 days**, in the time period which is written in detail beginning on the **4th month 5th day of the 5th year**, through the **6th month 5th day of the 6th year**. **This is another proof of a 13<sup>th</sup> month calendar from Yahuahs Word.**

We pray if you are a truth seeker that we have helped you to grow in your understanding, on the solar lunar calendar of Yahuah.

I believe there is much more on this subject; we pray that **Yahuah** will add to our hearts the understanding that we need.

The **390 days** and **40 day** have a hidden mystery about them, because they also represent 430 years.

Shalom Shalom,  
Moshe Eliyahu
